

## We Are Your Gift to the World

Thank You, gracious Lord,  
for the many healthcare workers  
You have sent out to us over the years.

Thank You also for the countless teachers You have provided.  
They fill our  
homes, schools,  
churches, and work places.

These healthcare workers and teachers are  
carrying on the work of Christ Himself.  
Like Him, they are investing their brief lives  
tending bodies, minds, and spirits that  
need mending,  
need nurturing, and  
need understanding.

In fact, each and every one of us has been  
gifted and sent out by You.  
You have given each of us a blessing to  
develop,  
train,  
sharpen, and  
share with our brothers and sisters.

Almighty God, WE are Your  
gift of love to a needy world.  
WE are Your provision for them.  
By Your Spirit,  
teach us,  
train us,  
inspire us  
lead us  
to do Your compassionate work here.  
We are Your servants.  
We are Your children.  
We are available to You.

**Hymn: [God of All Healing](#)**
