

# Foot Washing

*John 13:4-17*

What would you have felt as you watched Jesus, the Son of God,  
get up from this important meal,  
take off His outer clothing,  
wrap a towel around His waist,  
pour water into a basin,  
get down on His knees, bend low, and  
one by one wash His disciples' absolutely-filthy feet?  
How would you have felt when He got to you and began washing your feet?

If a picture is worth a thousand words,  
a living example is beyond words.  
Instead of lecturing them,  
He gave them an unforgettable experience complete with  
    sight,  
    touch, and  
    deep emotional memories.  
Because He loved them,  
He wanted love to take root in their daily lives.  
He wanted them to grasp how absolutely vital it is that each and every one of us  
humbly serve one another.

Look around at the situation in which God has placed you.  
Consider the resources He has lent you.  
How does He want you to wash feet?
