

## Let Life Come to You

*“Do not worry about tomorrow; for tomorrow will care for itself. Each day has enough trouble of its own.” (Matthew 6:34, NASB)*

Even when outward circumstances are at their best,  
I find myself with an underlying tension,  
a subtle uneasiness about the present and future.

On one such day, the Lord stopped me short and said:  
“Quit chasing life.  
Let it come to you.  
You know that I will lead You at all the right times.  
I’ve shown you that I will.

“I will provide all your needs.  
You know that.  
I’ve freed you to fully enjoy the present moment.  
Live in it.  
Enjoy it.  
Be thankful for it without worrying about the future.”

Thank You, my Lord!  
You are so good!
