

Light

John 1:4-9

God floods our world with His life.
His life brings Light into darkness.
It brings wisdom and love into our fear.
It brings understanding into our ignorance.
It is truth, and it drives out all that is false.
The Light shines in the darkness,
and the darkness is overpowered.

Jesus is this Light...
pure, uncreated Light
shining from our Father.
As we receive the Light,
He melts the darkness from our hearts and lives.
