

Living in God

Father, You are transcendent,
above all need and
all insufficiency.

Thus You are peace, and
trusting You brings us into Your peace.

As our grasping surrenders to You,
we are sufficient in You in every circumstance
as Christ was sufficient in You.

In You, we are without need.

We are fearless and free to love as You love,
selflessly and lavishly.

We are free for joy.

We are free for sacrifice.

We are free for fruitful living in You.

We are free to live as Christ lived,
from and
through and
unto You.

*Father,
teach me to live in all the
freedom and
completeness
that comes from trusting
Jesus Christ.*
