

Catch Me Up in Your Work

God,
I want to do something important--
important to You and
important to those You love.
Father,
it doesn't have to feel important right now.

But I want to be
caught up in You and in Your work--
not what my interests
assume to be Your work,
or what I want to be Your work,
but what *is* Your work.
It doesn't matter how small it seems,
or how overwhelming.

Lord, catch me up in the need,
not just in my own little task.
My efforts are partial and passing.
The need is bigger.
The need will go on.

Father,
I look to You.
Move me by Your Spirit.
Move me with Your heart today.
Catch me up in Your work.
