

## **Children of God**

*John 1:10-13*

Most people run from the Light.  
They cling to their darkness.  
They keep their back to the One who brings  
life and truth and freedom.

But to those who turn to Him  
and trust Him,  
Jesus gives the right to become  
children of God.  
These children are not born by human whim.  
These children are born of the all-powerful love of God the Father.  
He claims them and embraces them forever as His own.
