

## Created for God

You were made for God.  
You were created to  
    talk with Him and  
    fellowship with Him.

Talking with Him is simple and natural.  
Your educational level doesn't matter.  
Your financial status doesn't matter.  
Your gender, your culture, your personality quirks don't matter.  
Your relationship with Him is not affected by your physical appearance.

God created you  
    from Himself and  
    for Himself.  
He made you in His own image.  
He breathed into you His own breath.

In the beginning of creation,  
He planted a garden full of every beautiful, delicious plant, and  
    He walked with us there.  
He enjoyed open, natural fellowship with us.  
That was God's original desire and design, and  
    He has not changed.  
He still desires open, natural conversation with you throughout the day.  
God takes great delight in you,  
    the way a bridegroom enjoys being near his bride.

Pray that way.  
Talk to Him as One  
    who is delighted to hear from you,  
    who longs to share your thoughts,  
    who deeply loves the most basic "you."
