

## Complete Your Love in Us

Father, You are love.  
As You immerse us in Yourself,  
    You immerse us in love.

Your work in us begins in love.  
When we were far away and  
    walking the other direction,  
    Your love patiently,  
        sacrificially  
    drew us near.

In the heavenly places,  
    in the power center of all reality,  
You blessed us abundantly in Your Son Jesus Christ.  
You lavished on us eternal gifts  
    beyond our understanding.

You rooted us in love.  
You planted us in  
    the rich soil of Your boundless goodness.  
As we grow in love and  
    grow in You,  
we bear the fruit of love,  
    nourishing the needy hearts all around us.

As You began Your salvation in love,  
    You will complete it in love.  
You will come to us again.  
You will take us fully to Yourself.  
We will forever be  
    Your chosen people,  
    Your holy temple,  
    Your glorious bride.

Praise to You, Father!  
As we trust and obey You,  
    complete Your love in us.
