

Easter Is a Story of Life

Easter is a story of life.
Without our Creator's life springing up within us,
 our existence is only physical,
 brief and shallow.
When our bodies die, so does all our hope.

But in love, the King of Life died our death.
Now the boundless, beautiful, irrepressible life of God is our life.
We are alive in Him,
 deeply, fully,
 now and forever.

Hymn: [Christ Is Alive! We Live in Him!](#)
