

# Pure Light

The pure light of Your being  
Here and now, Holy God,  
Wash the worry and the pride from our eyes  
And leave Your peace.

The pure light of Your mercy  
Here and now, Holy God,  
Melt the selfishness and sin from our hearts  
And shine Your praise.

Speak the Word, speak the Word,  
Let the darkness die  
As our faith lifts up the light.  
Let us see, let us see  
With clearer eyes  
Only You, O Lord,  
Only You.

The pure light of Your being  
Here and now, Holy God,  
Wash the worry and the pride from our eyes  
And leave Your peace.
