

# Everlasting Father

No one has had the perfect father.  
Some have had great fathers.  
Some fathers have been seriously flawed.  
But all of us share a hunger for that ideal father.

I have found Him.  
I have the perfect Father.  
He is always with me.  
He is strong.  
He is wise.  
He is tender, patient, and loving  
and always does what's best for me.

He doesn't always give me what I want,  
and sometimes I don't understand Him.  
But I'm learning to trust His wisdom  
and believe in His deep love,  
even when His ways are a mystery to me.

I'm also learning to treasure His presence.  
Nothing is more moving  
than to experience Him interacting with me personally,  
even in the daily things of life.  
He is Almighty God.  
He is Unlimited Lord of all being,  
the High and Holy Creator of the Universe and beyond.  
He is Lord of all history.  
He is power  
and wisdom  
and love itself,  
and He is my Father.
