

Father, as I Look Back

*What is man that you are mindful of him,
the son of man that you care for him? (Psalm 8:4, NIV)*

Father, as I look back,
I realize that as I simply trust You,
You bring a consistency to my life that is
totally beyond me.

I stumble through life.
My response to You is on and off,
lukewarm,
self-centered,
easily distracted.
It is so far less than the truth demands.

But You are always with me,
always guiding,
always enabling,
always blessing.

Thank You,
merciful and patient Father!
