

## Our Magnificent Future in God

O Father,  
I am overwhelmed by  
    Your greatness,  
    Your boundlessness,  
    Your magnificence!

Before creation, You alone filled  
    all eternity,  
    all reality,  
    all existence.

You Yourself.  
You alone.

And in Your way and time,  
You are taking us back there.  
All eternity,  
all reality,  
all existence  
    will soon be permeated with  
        You,  
        Your glory,  
        Your wonderful perfection!

What a magnificent future!  
All that is,  
    all creation,  
    every life  
will beautifully reflect  
    YOU and  
    YOU ALONE.
