

Father, Glorify Yourself

John 11:41-42

Why were Jesus' prayers so powerful?
Because He trusted His Father completely.
He always wanted only
 to please His Father and
 to glorify Him.
He only wanted what His Father wanted.

That is the key to prayer for us as well.
The focus of prayer should not be
 changing His will to ours but
 reshaping our will to His.

The next time some problem stirs up your anxieties,
pray this way:
 Father, glorify Yourself through this need.
Bring your concern to Him, simply and honestly,
 but make His glory the focus of your prayer.
When God is glorified—that is,
 when people see how loving and wonderful He is—
the greatest good is always the result.
